

March 22, 2011

Bharanidharan Padmanabhan, MD  
30 Gardner Road – Unit 6-A  
Brookline, MA 02445

Dear Dr. Padmanabhan:

The Medical Executive Committee met on March 8, 2011 to receive the report of the Fair Hearing Committee dated February 24, 2011.

Following discussion and review, the Medical Executive Committee voted the following:

1. To continue the suspension of your medical staff privileges
2. To appoint an investigative committee to conduct a further examination of your practice of neurology at Cambridge Health Alliance. The scope of the investigation is not to be limited to management of pain patients, but include overall evaluation of neurological care provided to patients.
3. To defer action on formal referral to the Physician Health Service, pending the outcome of the investigative committee report.

Once the Investigative Committee is convened, you will be notified and provided with an opportunity to meet with the committee prior to final preparation of the committee's report and recommendations to the Medical Executive Committee.

Sincerely,

*Somava Stout, MD*

Somava Stout, MD  
Medical Staff President
